

**Supplementary File 1. Distribution of annual average gross income per household, by urban area.**

\*Average gross income's last category represents a substantially larger income range.

**Supplementary File 2. Distribution of the smoothed standardised incidence ratio (SIR) of infection in the second and third epidemic waves, by urban area.**

Córdoba

Granada

Jerez

Almería

Marbella

Huelva

Dos Hermanas

Algeciras

Cádiz

Jaén

**Supplementary File 3. Results of the spatial regression model, by time window and urban area.**
