## Base de datos Scopus. Advanced search. Añadir a la estrategia: **AND NOT INDEX (medline)**

(TITLE-ABS-KEY ("reagent strip" OR "dipstick") AND TITLE-ABS-KEY ("urinary tract infection" OR "UTI")) AND NOT INDEX (medline)

## Base de datos Web of Science. Seleccionar “Colección principal de Web of Science” en vez de “Todas las bases de datos”.

The screenshot shows the top navigation bar of the Web of Science website. On the left, there are logos for the Spanish Government (GOBIERNO DE ESPAÑA) and the Ministry of Science and Innovation (MINISTERIO DE CIENCIA E INNOVACIÓN), along with the FECYT logo. The main navigation includes 'Web of Science™', 'Search', 'Marked List', 'History', and 'Alerts'. On the right, there are links for 'English', 'Products', 'Sign In', and 'Register'. The main content area has a purple header with the text 'Discover multidisciplinary content from the world's most trusted global citation database.' Below this, a search bar is open, showing a dropdown menu with the following options: 'All Databases', 'Web of Science Core Collection' (highlighted), 'Current Contents Connect', 'Derwent Innovations Index', 'KCI-Korean Journal Database', 'MEDLINE®', 'Russian Science Citation Index', and 'SciELO Citation Index'. To the right of the dropdown, there is a detailed description for 'Web of Science Core Collection (1900-present)', which includes a search box and a 'Search' button. The description states: 'Search the world's leading scholarly journals, books, and proceedings in the sciences, social sciences, and arts and humanities and navigate the full citation network.' It lists several features: 'All cited references for all publications are fully indexed and searchable.', 'Search across all authors and all author affiliations.', 'Track citation activity with Citation Alerts.', 'See citation activity and trends graphically with Citation Report.', and 'Use Analyze Results to identify trends and publication patterns.' At the bottom of the dropdown, it says 'Data updated 2021-11-02'.
