

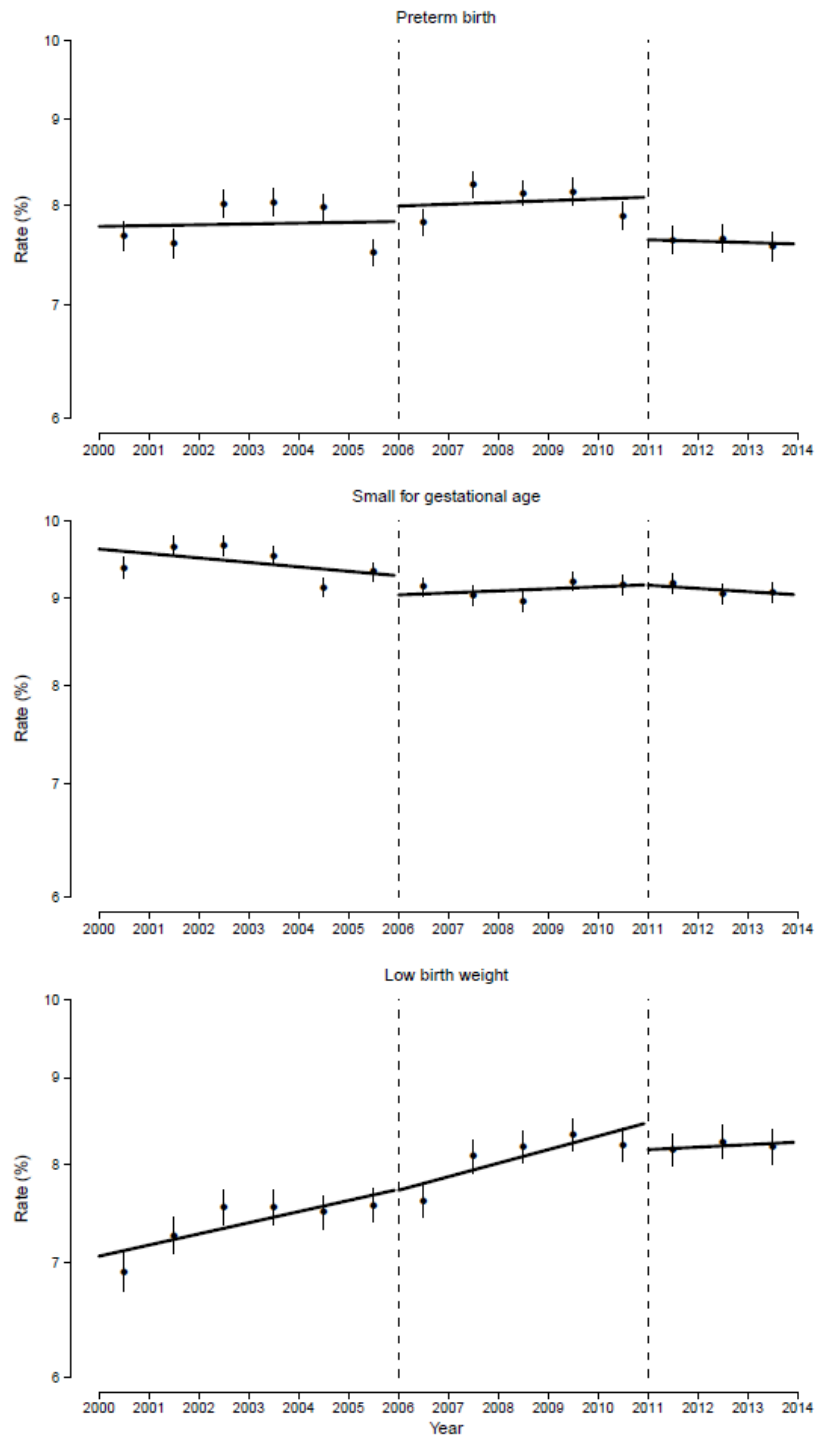

**Figure 1:** Gross rates and time-segmented linear trend for three perinatal comp  
Preterm birth, small-for-gestational-age newborn, low birth weight newborn. S  
2013.

Annual gross rates for each year (the dots represent the point estimates and the vertical lines, the intervals). The three lines display the segmented linear trends within the 2003–2005 pre-ban, 2006–2010 partial ban, and 2011–2012 comprehensive ban periods with no adjusted variables. Vertical dashed lines indicate the dates at which the partial and comprehensive smoking bans came into force on January 1, 2008 and 2011, respectively.
